

## 2010 Technology Excellence Awards *(Previously called the Best Practices Award)*

Four credit unions were honored as winners of the 2010 CUNA Technology Council Best Practices Awards at the Council's 15th Annual Conference, which took place September 29-October 2 in Las Vegas.

The CUNA Technology Council award recognizes outstanding approaches to technology challenges with potential for universal application across the credit union movement in four major categories.

### **Affinity Plus FCU in Saint Paul, Minnesota**

**Information Security/Privacy Award** for their automated SAFE (System Access for Employees) process, which reduced the SAFE process time to completion from days to hours.

### **Travis CU in Vacaville, California**

**Member Service/Convenience Award** for their integration of a complete application foundation for the CU meeting the needs of each business area. This included leveraging Oracle's Fusion Middleware in the areas of data warehouse and business intelligence, enterprise content management and business process management.

### **Envision CU in Tallahassee, Florida**

**Miscellaneous Award** for developing tools to supplement customizable software applications' base functionality for the CU's specific needs.

### **Affinity Plus FCU in Saint Paul, Minnesota**

**Miscellaneous Award** for their automated in-house statement solution, which automated the deployment of all statement and notice files from one system to another to printing.
